PARKING

Due to limited parking availabilities for our campers, the following parking instructions are implemented for all Camp Staff and Volunteers. Thank you for respecting the parking guidelines.

Where can I park or get dropped off?

All Camp staff and volunteers are to park or be dropped off in the neighborhood surrounding the back gate (Gate B) off of Milne & Reynolds Street.

Some campers will be using the same gate as you to enter camp with their family. If possible, try to park a little further away from the gate, to leave closer spots for families. Our little ones don't always walk fast, but you can.

- There is **NO PARKING OR DROP OFF** at the main gate entrance for staff or volunteers
- Please be respectful of our neighbors. Do not park in front of or block driveways.
- Do not park in the private golf course parking spaces, as you will be towed.

ABSENCES

Camp logistics have been planned, in part, around the expectation that any volunteer who signs up to work camp will be there to fulfill their commitment. If, for some reason, you are unable to be present for camp on the days and times you agreed to be there, notify your leader immediately on your first day of camp. Notifying your leader on that Monday allows us the ability to make arrangements for campers affected by your absence. Advance notice also allows you the opportunity to obtain the maximum number of documented volunteer hours possible. Last minute cancellations or no shows result in challenges for our campers and staff as well as yourself. Thank you for your understanding.

CAMP MEETINGS
